Background

Christine is a partner in KPMG's Houston Tax practice, National Tax Industry Leader – Chemicals, and the Partner in Charge of the US Tax Business School. She has more than 29 years of experience providing corporate, partnership and personal tax services in the areas of federal, state, and international tax consultation and compliance.

Serving as the lead tax partner for a number of Fortune 500 companies, Christine has gained extensive experience in financial accounting for income taxes, tax function leading practices and SoX 404 controls.

Professional and industry experience

Christine is responsible for a broad range of U. S. multi-national and foreign-owned clients doing business as single entities or in joint ventures, and has experience with a wide range of complex tax matters relating to her clients' businesses. Christine specializes primarily with chemical and energy related companies, including upstream oil and gas companies, refineries, and petrochemical companies. In providing her services to public and private companies, Christine provides extensive knowledge of financial accounting for income taxes. Christine has advised her clients on many transactions and provided tax consulting and compliance services on numerous federal, state and international tax issues, as well as serving as global lead tax partner assisting global engagement teams on financial audits.

Publications and speaking engagements

Christine has been a contributor to articles for the *American Oil and Gas Reporter* and *Taxes Magazine*. She has taught various national and international firm training programs, as well as participated in external speaking engagements.
